

# VOLVO CHILD BOOSTER CUSHION AND BACKREST

Volvo. for life

## Volvo Child Booster Cushion and Backrest

The Child Booster Cushion and Backrest helps to ensure a safe and secure car trip for a child. Made from a comfortable yet highly impact-absorbent material, the booster cushion is designed to make sure children between the ages of 3-10 sit high enough so their safety belt fits properly. The booster cushion allows the safety belt proper contact with the child's body to provide the best capture in the event of a collision. Also, the adjustable backrest provides extra support for a child's back and neck, even greater protection in a rear-end collision and can also be tilted for sleeping.

## Product Features and Advantages

- Designed for children between 3 and 10 years old, weight 33-80 lbs. (15-36 kg).
- Fits all cars with 3-point seat belts
- The backrest provides extra comfort and protection in the event of a rear-end collision
- The backrest is adjustable; there are five different heights and two backrest angles, increasing the protection for the child's neck and giving your child a more comfortable sleeping position
- Crash-tested and approved according to standards ECE R44, FMVSS 213 and CMVSS213
- Washable upholstery

**INSURANCE INSTITUTE  
FOR HIGHWAY SAFETY**

**Top 10 "Best Bet"**

The Insurance Institute for Highway Safety named Volvo's Booster Cushion and Backrest as one of the top 10 "best bets" in child boosters. The Top 10 "Best Bet" Boosters are the most likely to position not only lap belts but also shoulder portions correctly on many children in many vehicles. Boosters help by improving the fit, effectiveness, and comfort of adult belts on children.
